- e. If you cannot connect with your opponent after following these steps, you may contact a Discord Admin on the MNVL Discord server or send an email to mnl@wisdom.gg

Rescheduling Your Next Match

1. Games are NOT allowed to be rescheduled EXCEPT in the following cases:
 - a. School holidays
 - b. Both teams agree to play in person (in the same room)

If you need a game to be rescheduled for one of the stated reasons, contact an admin on the MNVL Discord server or email us at MNVL@wisdom.gg and we will assist you.

If teams need to reschedule their game to another time, then both coaches must agree upon a time that they can play during the same week they are scheduled to play one another. Games MAY NOT be rescheduled to another week.

If a team/player drops out of MNVL during the regular season, MNVL reserves the right to reschedule remaining games in the league to reduce the number of forfeits that would have been caused by the dropout.
